**PRELIMINARY AMENDMENT OF U.S. NATIONAL
STAGE APPLICATION UNDER 37 C.F.R. § 1.115**

Sir:

This Preliminary Amendment amends the above-identified U.S. application, which is filed concurrently herewith pursuant to 35 U.S.C. § 371 as the U.S. national stage of international application No. PCT/US2003/028392, which was filed September 10, 2003.

Despite the filing of a Chapter II Demand for International Preliminary Examination on April 7, 2004, and the filing of Amendments Pursuant to PCT Article 34 on April 7 and 9, 2004, Applicants have not received an International Preliminary Examination Report. Accordingly, in the Amendments to the Claims beginning on page 4, below, Applicants have assumed that the PCT Article 34 claim amendments have not been entered prior to entering the U.S. national stage.

Please enter the following amendments to the specification and claims prior to calculation of the fees and substantive examination.

The present amendments follow the revised format procedure authorized in 1267 O.G. 106, published February 25, 2003.

Amendment to the Specification is provided on a separate sheet on page 3.

Amendments to the Claims begin on page 4.

Applicants' remarks regarding this Preliminary Amendment follow the Amendments to the Claims on page 31.
